Any opinions expressed do not reflect the views of Dictionary.com.The report gathers anecdotal information on current economic conditions from the 12 regional Federal Reserve Banks.The report gathers anecdotal information on current economic conditions from the 12 regional Federal Reserve Banks."I had heard anecdotally that he was partying in Paris and that made me feel incredibly bitter," Seb says.Without the government's core economic indicators, the Fed has been forced to rely on private data sources, regional surveys, and anecdotal business reports to fill the gaps.Defenders of the tests say they offer a more objective method of assessment than the potentially anecdotal and subjective evidence of social workers and other experts.What does anecdotal mean?Anecdotal describes something that is related to a short account of an incident from a particular perspective.Something that is anecdotal is a story told through anecdotes. An anecdote is a short recounting of an event from someone's point of view, normally in a pleasant or humorous manner. For example, anecdotal history is a historical account that is laid out through the perspectives of the people involved.Anecdotal also describes something, such as research, that is based on personal observation and experience. Anecdotal evidence can be gathered by interviews, surveys, and other methods that allow people to share their experiences with the researcher. In comparison, scientific evidence is gathered by comparing a dependent and independent variable in a controlled environment. Both types of evidence are important, but anecdotal evidence can't prove something the way repeated testing and consistent results can.Example: My science paper relied on anecdotal evidence instead of experimentation, so the teacher gave me a low grade.anecdotaeanecdotallyBrowse#aabbbccddeeffgghhijjjkkllmmnnnooppqqrrssttuuvvwwxxyyzzAboutCareersContact usCookies, terms, & privacyHelpFollow usGet the Word of the Day every day!© 2025 Dictionary.com, LLC an•ec•do•tal (an'ik dōt'l,an'ik dōt'l)USA pronunciation adj. pertaining to, resembling, or containing anecdotes:an anecdotal history of jazz. Fine Art(of the treatment of subject matter in representational art) pertaining to the relationship of figures or to the arrangement of elements in a scene so as to emphasize the story content of a subject.
