Guided Reading & Analysis: Due Process & The Rights of the Accused - Chapter 8, pp 276-299

Purpose: This guide is not only a place for you to make as you read but also to provide a place and direction for both you to read and write to help you learn (State Rights) with new knowledge gained from the reading. Mastery of the content and AP exam will allow students to process the information as they learn to write.

Directions:

1. Pre-Read: Read the pre-questions within this guide before you read the chapter.
2. Skim: Flip through the chapter and note titles and subtitles. Look at images and read captions. Find a place for the content you are about to read.
3. Re-read/Analyze: Read the chapter. Remember, the goal is not to find but to find a specific interest in reading your guide book, but to come to a conclusion in order to effectively understand what you read.
4. Write: Write your notes and write in the spaces.

Enriching Understandings (E.U.): Civil Liberties and Civil Rights

LOH-1: Provisions of the U.S. Constitution: Bill of Rights are constitutionally being interpreted to balance the power of government and the civil liberties of individuals.

LOH-2: Provisions of the Bill of Rights have been extensively incorporated by way of the Fourteenth Amendment to due process clause to protect state Bill of Rights of individuals.

PAH-1: The Fourteenth Amendment's equal protection clause, as well as other constitutional provisions, have effectively been used to support the advancement of equality.

PAH-2: Public policy regarding civil rights is influenced by citizen-state interactions and constitutional interpretation over time.

COH-1: The Court's interpretation of the U.S. Constitution is influenced by the composition of the Court and external state interactions. At times, it has restricted minority rights and others protected them.

Essential Question: How have the provisions in the Bill of Rights and the 14th Amendment been interpreted to balance due process and the rights of the accused with public safety and national security?

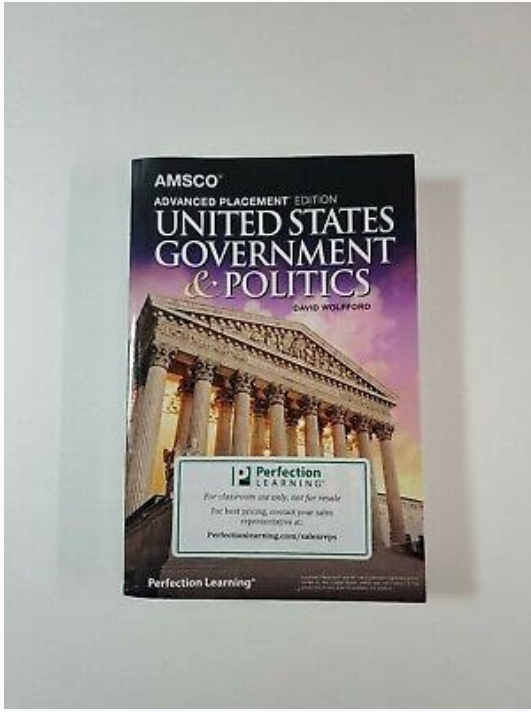

The 1st and 2nd Amendments focus on guaranteeing what individual liberties?

The 5th and 14th Amendments focus on what protections of vulnerable populations?

The United States has struggled to fully interpret and define what protects from the Bill of Rights?

Copy the big idea.
