Craft The world is a unique sandbox strategy game, the Dungeon Keeper mix, terrariums and dwarf fortress. Explore a randomly generated world populated by dangerous creatures, build a dwarf fortress, collect resources, and vessels of all the objects, weapons and armor you need. GOD-simulation control a tribe of dwarves, giving commands to dig in certain places, creatures enemy attack and build houses and other structures. LI needs to provide her dwarf food and clothing, as well as help with magic when fighting against other inhabitants of the world. Start the game with a dwarf and win additional dwarfs as your experience increases the level. SALVADERA Level Game Each game has many layers of earth to explore, from the sky to the underground lava ebullition. The level is generated randomly as an island, restricted by natural limits: the oceans on the edges, washes under it, and the sky above. Other features include day and night and changing weather conditions. Worlds differ in size, humidity, temperature, terrain, and flora and fauna. abandoned rooms and treasured rooms are hidden somewhere deep inside the islands. One of the features they make at hand of the game is an easy to use recipe system for the elaboration. The recipes are organized and saved in a file, and you can use them to create recipes for armor and weapons. The first time you build a recipe, you will be asked to save it. You can also use the recipes to draw the attention of other inhabitants of the world. Most of them are creatures of the night and inhabit underground. The worlds are full of fantasy creatures, such as zombies, skeletons, goblins, spectators, ghosts, giant scratches, and others. Some of them pay little attention to the dwarves, as well as the dwarves do not enter their vision field. Others come together in fairly large groups and try to break into the residence of the dwarves. Defense of the tower especially dangerous are the waves of monsters that appear from time to time from the portals. Therefore, do not forget to build a safe shelter with strong walls and numerous traps, cells, fire towers and secret passages. Miica as being divine, you have several spells. You can speed up the movement of the dwarves, open contranA e, illuminate dark caves to scare away monsters, evoke natural magic in the form of rain or growth of trees, throw fireballs to the heads of the monsters, and find useful resources and hidden rooms underground, helping to accelerate the extraction of resources, the exploration of the world and the population growth of your assistants. 3S & contranA e or we find positive pontos.nA e or we find positive pontos. I do most of my games on the train in these days, which means using my Android or iPhone tablet. I have become pretty fond of Craft The World port, but the iPhone screen is too small for prolonged sessions. I would prefer to play on the 7-inch screen android tablet. Terraria looks like the most close-up match until now. Explore a world-generated world populated by dangerous creatures, builds a dwarf fortress, makes resources and creates all the articles, weapons and armor you need. Controls at a tribe of dwarves giving them ordnance in certain places, attack enemy creatures, and build houses and other structures. Craft The World Free Download for PC Game Repack-games.com.
