Walmart cashier training manual pdf

Walmart was the largest retailer and second largest company in the world in 2012, according to CNN Money. Their cashiers stay extremely busy helping customers purchase groceries, clothes, home appliances, sporting goods, toys and many other products. If you are are highly personable and patient with good customer-service skills, you may enjoy working part- or full-time as a Walmart cashier. Walmart cashiers operate cash registers at the front of the stores, greeting customers warmly as they make purchases. They scan all items, process cash, check and credit card transactions and deactivate security devices on bags and items purchased. During busy periods, baggers are usually available to help the cashier pack and load customers' purchases in carts; otherwise, you must do the honors. As a Walmart cashier, you maintain the required amounts of cash in your registers and request price checks when necessary. You also verify customers' ages when they buy restricted merchandise such as beer or wine. Cleaning work areas and returning merchandise to shelves and racks are other responsibilities of the Walmart cashier. As a Walmart cashier, you must count your register drawer at the beginning of your shift, under the supervision of a manager. You then reconcile your drawer at the end of your shift by subtracting your beginning register balance from the total amount collected in cash, checks and credit cards. This amount should equal the total purchases recorded on the long register receipt. If you are an experienced Walmart cashier, you may train new cashiers on operational policies and procedures. Walmart cashiers work mornings, afternoons or evenings, depending on their typical hours. As a Walmart cashier, you may alternate days and evenings during the week, or work an occasional holiday. Cashier work can be exhausting and stressful, as you're constantly standing and assisting hordes of demanding customers each shift. You may often find yourself yearning for that first break of the day. There are no formal educational requirements for Walmart cashiers, though some stores may prefer applicants with high school diplomas or GEDs. The main requirements are basic math skills such as adding, subtracting, multiplying and dividing. The hiring manager might have you demonstrate some of these skills before you get the job. Training is done mostly on the job, and as a new cashier you may start out during nonpeak periods while you learn the scanning and cash register procedures. Walmart cashiers earned an average annual income of \$20,000 as of 2012, according to Careerbliss, a work life advice website. This income correlates highly to May 2011 cashier salaries reported by the U.S. Bureau of Labor Statistics: \$20,230 per year, or \$9.73 per hour. Your hourly wages may vary depending on the state you live in. While Walmart does not report job outlook percentages, the BLS indicates that jobs for cashiers are expected to decline 7 percent between 2010 and 2020. Cashiers earned a median annual salary of \$20,180 in 2016, according to the U.S. Bureau of Labor Statistics. On the low end, cashiers earned a 25th percentile salary of \$18,450, meaning 75 percent earned more than this amount. The 75th percentile salary is \$23,570, meaning 25 percent earn more. In 2016, 3,555,500 people were employed in the U.S. as cashiers. Cashiers at Walmart deal with a wide variety of tasks during the day and have to be able to switch between them quickly.The position is evolving all the time.You may have to deal with simple tasks like returning unwanted goods, to more complicated, like dealing with customers' concerns.In this article, we will give you detailed information about the Walmart cashier work, responsibilities, benefits, salary, etc.What Does a Cashier at Walmart Do?ResponsibilitiesA cashier is a first and last person the customers see at the store.Popular ProgramsSo they perform a wide variety of tasks.The cashier should be able to switch between tasks quickly.They can include ringing up customers purchases or dealing with customers concerns, and more.Here is a list of primary responsibilities of a Walmart cashier:Be friendly and smile to the customers when they come and leave.Welcome customers and thank them in a timely manner.Ring up customer merchandise correctly.Keep the working area clean and managed.Replace the unwanted goods to the areas in the store where they belong.Assist other employees with tasks as needed.Working HoursThe working hours of Walmart cashiers can vary greatly.A workweek can range from 20 to 30 hours.Some positions can be full-time with a 40-hour workweek.Besides, at the times of peak seasons, you may have to work overtime.The shifts of cashiers can be scheduled at any time of day or night at the 24/7 stores.Working Environment of a Walmart CashierOne of the vital things to know about this job is that you will work with people all the time.It means interacting with both customers and employees from other departments as well.Besides having solid communication skills, you should also be comfortable working on your feet most of the day.You should also be prepared to perform repetitive tasks.A cashier needs to know how to work with computers to operate the POS at the store correctly as well as ringing up merchandise.Salary of a Walmart CashierMostly, the initial rate of a Walmart cashier is \$9 per hour.This rate can be different in various areas depending on the prevailing wages.The starting pay can be higher in the states with higher living costs.Full-time cashiers at Walmart can also get benefits including 401k plan, vacation, paid time off.Besides that, all employees can benefit from a special in-store employee discount for products.You can also earn bonuses if you get customers to join special programs at the store, such as a credit card.ConclusionA cashier at Walmart focuses on working with people most of all.As a part of your day-to-day routine, you will interact much with customers as well as other associates.Cashiers are dealing with a wide variety of assignments and have to be able to switch between tasks quickly. Thank you for your participation! Walmart has a long history of providing comprehensive health care and benefits to our associates, and we're proud of the quality plans we offer, which are among the best in the retail industry. We believe that when associates have stability in areas like health care, maternity and parental leave, paid time off and retirement planning, they're better able to bring their best selves to work.Health care and insurance options made affordableAll eligible associates - both full- and part-time - have affordable options that include no lifetime maximum and eligible preventive care covered at 100%.We offer medical plans starting at \$30.50 per pay period, as well as dental and vision plans.Coverage for domestic partners is available.Our Centers of Excellence program covers select spine and heart procedures, knee and hip replacement surgeries, organ and tissue transplants, and breast, lung and colorectal cancers - all at no cost to associates enrolled in Walmart's health care plans.Associates have free access to nurse care managers and health care advisors.Health reimbursement plans provide \$300 to \$1,000 and our health savings account plan gives up to a \$700 match to help pay for eligible network or non-network medical expenses.For associates enrolled in Walmart medical plans, Doctor-On-Demand allows affordable, nationwide, virtual access to health care providers for just \$4 per use. (Walmart waived the co-pay during the COVID-19 pandemic).Associates can take advantage of Resources for Living, a free confidential counseling and health information service. This includes ten counseling sessions per type of concern at no cost and unlimited telephonic support.Through our partnership with Grand Rounds, associates on a Walmart medical plan and their covered dependents will be eligible to take advantage of Included Health, a care-navigation platform tailored for the LGBTQ+ community.Additional options include company-paid life insurance, accidental death and dismemberment insurance, critical illness insurance, short- and long-term disability insurance and business travel accident insurance.Save for retirement, save with exclusive discounts Associates can contribute to their 401(k) starting on their first day with the company. Walmart provides up to a 6% match after one year on the job.Associates can participate in an associate stock purchase plan with company match.Our associate discount card offers a 10% discount on fresh fruits, vegetables and regularly priced general merchandise at Walmart stores.The Associate Discount Center provides exclusive discounts on travel, cell phone services, entertainment and other goods and services not available in Walmart stores.Paid time off empowers associates to decide how they use their leave by streamlining paid vacation, sick time, personal time and holiday time into one category.Making time for families with maternal and parental leaveFamilies take many forms. However our associates grow theirs, we're here to help. Our maternity, parental and adoption benefits are available to all salaried and full-time hourly associates who have worked at Walmart for at least 12 months.HOW IT WORKSMaternity: The enhanced maternity benefit supports birth moms with up to 10 weeks of protected paid time away from work.Birth mothers can take up to 10 weeks of protected paid maternity leave.They'll receive 100% of their pay, based on their average weekly wages.They can use the new parental benefit (see below) for an additional six weeks, for a total of 16 weeks of protected paid leave for birth mothers.Parental: The parental benefit supports associates who become a parent through a birth, adoption or foster-care placement, with up to six weeks of protected paid time away from work. It's available to associates in all states, including California, Oregon and other paid parental leave states.The parental benefit is for new legal parents, guardians and foster parents only.New parents can take up to six weeks of protected paid parental leave.The associate's time away needs to be continuous, meaning they take it all at once.The associate can use their parental benefit at any point in the 12 months following the date they became a new parent through a birth, adoption or foster-care placement.Salaried associates may also be able to use the two-week family care pay program to cover the time they care for a spouse or dependant who has an eligible medical condition.Associates receive 100% of their pay, based on their average weekly wages.Adoption: This benefit pays associates back, up to \$5,000, for expenses related to adopting a new family member. There's an annual maximum of \$10,000 and a lifetime maximum of \$20,000 per associate. Qualified expenses include, but are not limited to:Application fees, agency and placement fees, legal fees and court costsHome suitability studiesImmigration, immunization and translation feesTransportation, meals and lodgingParent, child and family adoption counseling
