The The first use of the word *score* to refer to 20 items goes back to around 1100. In the Bible, you can encounter counts of scores in older translations like the King James Version. For example, a movie made in 1938 may show the year as MCMXXXVIII, with each letter of the Roman number representing a different value. Uses of Scores in Old Texts We can find counting by scores in the Bible, as well as in other texts. Shepherds or cattle hands would count 20 of the livestock and make a mark on a stick to indicate that they had counted 20 sheep or cows. A score is 20. The Origin of the Word *score* The word *score* comes from the Old Norse word *askor*, which meant to put a notch on something. Scores in Famous Speeches You can find examples of American speakers using the word *score* to represent 20 of something. What color glasses will he be rocking in your version? You can print this out by clicking here. TODAY Last but not least, we've got Hoda and Jenna's catchy saying, "Let's go y'all!" You can print this out by clicking here. TODAY We can't wait to see what you create! Tag @TODAYshow in your creations on Instagram and we may feature your artwork on our page. In Macbeth, an old man says, *Three score and ten I can remember well.* What he means is that he can remember the last 70 years of his life. Ancient Counting Systems From the ancient world to the Middle Ages, people used different counting systems, much like we use twos, fives and tens to count today. That's why the word *score* came to represent the number 20. Lincoln began that famous speech with a reference to *four score and seven years ago.* That number of years (87) refers to 1776, when the Founding Fathers signed the Declaration of Independence. MORE FROM REFERENCE.COM April 29, 2020, 4:14 PM UTC / Source: TODAY By Jordan Muto As we continue to practice social distancing during the coronavirus pandemic, many of us are finding it is time to try different activities to keep us busy. If you are looking for something to calm and relax, the coloration can be incredibly advantageous for both children and adults. Other ancient counting systems include Roman numerals, which often encounter when watching old movies. Happy coloring! Using that counting method allows the speaker to create a point that sounds like something from the Bible or literature. A basketball sheet is fundamental for official games.
