(5/10/15) Equipment[edit] On c-grade, full plate set would be optimal as the other heavy sets offer no bonus that is worth the lesser pdef. (46) Dance of Mystic - Temporarily increases party's M. Propecy of Water: The spirits of the old wizards flow in you (Crit Rate Increased!, M.Atk. NOTE: Perfect BUFFS: DOOMCRYER for Magnus and Buffs, EVA's Saint for Clarity/ Shillien Elder for Empower And Wild Magic (combined with Swordmuse lvl 78 - mediation/reuse/ and Spectral Dancer for the Syren / Conc/ Mystic dances) Bibliography: www.wikipedia.org GJ vawned, its pretty well translated and u did it in record time. Equipment Dark Crystal Robe Set with a Weapon that has Acumen, for example Sword of Miracles: M.Atk. Chant of Victory: Best for Fighter Class PVE. Chant of Vampire: drains HP from mobs the enemy (it does not drain damage caused by ranged attacks or skills, or magic) War Chant: It increases the P.Atk remarkably. The Chant of Vampire and Dance of Vampire does not make any effect when you attack with a bow (but it will allow the HP recovery of you are attacking with a dagger mobs, so he is optional). +15% BUFFS FOR MAGES WARCRYER: Chant of Flame: It increases the Cast Speed Chant of Fire: It increases the M.Def. User must remain still while it takes effect. BLADEDANCER: Of Warrior dances: It increases the P.Atk. +3%. M.Def. Jewelry shop: All the Tateossian Set (since he gives additional MP). NOTE: Perfect party for Fighters DoomCryer for Cov buff and Buffs - or in PVP Hierophant with Proof of Fire (mainly because it doesn't decrease running speed like COV), SwordMuse with champion/renewal, hunter, Spectral Dancer with fire fury warrior mainly, Arcana Lord for the increase in critical rate, granted by the Blessing of Queen buff (in pvp you will need a cardinal/eva's saint too) ----- BUFFERS FOR MAGE CLASSES BUFFS TO GIVE TO A MAGE To begin, our second buffer must be a Human mage, Elf, or Dark Elf, since for this buffer we will need classes such as Prophet, Elven Elder, and Shillien Elder. They use heavy armor and dual swords, when one is wearing heavy armor. Of Fury dances: It increases the Atk. (52) Dance of Warrior - Temporarily increases party's P. Conflicts with clerical "Might" Buff. (24/28/32/36/40/43/46/49/52/55/58/60/62/64/66/68/70/72/74) Defense Aura (2) - Temporarily increases P. SHILLIEN ELDER: Empower: It increases the M.Atk. Dances (and songs) only last 2 minutes, so you have dance again very often when playing this class. Only Eva's Saint must be 78 from the rest, for the Prophecy of Water buff for mages is especially good in PVP's since it raises the critical chance, The rest don't need to be at 78, although is recommended that you level all three characters to 78. [edit] Bladedancers are a special class that combines group buffs with considerable offensive fighting power. BLADEDANCER: Of Mystic dances: It increases the M.Atk. Chant of Battle: Increases P.Atk. Bless the Soul: It increases the maximum of MP. Warcryer WIT+4 MEN-4 WIT+1 MEN-1 CON+4 STR-4 WHAT MUST A BUFFER HAVE IN THE INVENTORY -->Much MP elixirs -->Sprit Ores for some Chants of the Warcryer -->Blessed Spirit Shouts (BSS) of the degree of the weapon -->Crystals C-grade to invoke the Feline King of the Warlock -->Crystals D Grade (optional) to invoke Storm Cubics to all the party WHAT BUFFS I USE? +15%, Acumen: Casting Spd. Atk. Of Siren dances: It increases the probability of critical chance PROPHET: Wind Walk: It increases the speed. If you create a mage, has to be Orc or Human (because we needed to have these 4 classes: Warcryer, SwordSinger, BladeDancer and Warlock). Of Concentration dances: It increases the casteo. (40/43/46/49/52/55/58/60/62/64/66/68/70/72/74) Poison (5) - Poisons target. (40) Dance of Light - Temporarily bestows sacred power to party's physical attack. Significantly. Chant of Fury: It increases the Atk. (62) Dance of Protection - Temporarily bestows one's party's resistance to terrain damage. Dual Swords only. (58) Dance of Earth Guard - Temporarily increases party's resistance to earth attacks. They can't use heavy armor effectively. Damage inflicted by skill or remote attack is excluded. SWORDSINGER: Song of Earth: It increases the P.Def. On a-grade like always one has a broad selection of good options; Tallum is probably the best one. Berserker Spirit: It reduces the P.Def. the M.Def and the Evasion; and it increases P.Atk. M.Atk. Atk. Orc Mystic-->Orc Shaman--to>Warcryer--to>Doomcryer Human Mystic--They>Human Cleric-->Prophet-->Hierophant Elven Mystic-->Oracle--to>Elder-->Eva's Saint Dark Mystic--They>Shillien Oracle--They>Shillien Elder--They>Shillien Saint Having a DoomCryer at lvl 79 is priceless, since it gives Magnus Chant. Song of Meditation: It diminishes the time of load and the cost of magical MP of the Skills. (of Battle can be combined with Chant, does not annul it). (20+3/24+3/28+3/32+3/36+3) Shadow Sense (1) - Increases Accuracy at night (15) Outdated[edit] Armor Mastery (5) - Increases P.def for heavy / P.def and Evasion for light armor. Spd. Song of Hunter: It increases to the probability of the attacks critics Song of Vitality: It increases the maximum of HP. Song of Wind: It increases the speed. (32/36/40/43/46/49/52/55/58/60/62/64/66/68/70/72/74) Sting (49) - Inflicts a serious, bleeding wound upon the enemy. (70) Dance of Vampire - Partially restores party's HP by using damage inflicted upon the enemy. Playstyle[edit] Bladedancers are quite okayish solo players, but why go solo him if parties are so much more effective and Bladedancers are usually very welcome in them. For a Bladedancer or a SwordMuse any graded weapon will do. Bladedancers specialize into the use of dual swords. Chant of Earth: It increases the P.Def remarkably. (74) Other Active[edit] Aggression (12) - Provokes opponent's desire to attack. Spd. Casting Spd. (Speed of Attack). Usually, A grades will do too. Many dances stack with ordinary buffs, that's why everyone loves to have a Bladedancer (and/or Swordsinger) in the party, even if they themselves are not exactly the toughest warriors. Conflicts with clerical "Shield" Buff. +18%. M.Def. (10/28) Confusion (19) - Throws the enemy into confusion and gets them to change the target of their attack. Over-hit possible. Chant of Rage: It increases the critical damage Chant of Predator: It increases to the probability of the attacks critics. Armor: There are two options: Dark Crystal Robe or Tallum Robe: Dark Crystal Robe: Casting Spd. Used with a sword, dagger, or two-handed weapon. (FOR FIGHTER CLASSES) WARCRYER: Chant of Fire: It increases the M.Def. Concentration: It reduces the probability that one is cancelled skill when you receive damage. +15%, WIT +1, INT -1 I recommend the Dark Crystal Robe. (40+3/43+3/46+3/49+3/52+3/55+3/58+3/60+2/62+2/64+2/66+2/68+2/70+2/72+2/74+2) Focus Mind (6) - Increases one's MP Recovery Speed. (20/49/58/66/74) Poison Blade Dance (3) - Sword emits cloud that poisons nearby enemies. Of Fire dances: It increases the damage critical. (5/20) Deflect Arrow (2) - Increases defense against bow attacks. (66) Dance of Aqua Guard - Temporarily increases party's resistance to attacks by water. +20%, M.Atk. and speed. Additionally, they have a number of debuffs against opponents like Hex etc. (55/60/72) Power Break (17) - Instantly reduces enemy's P. Dual Swords up to b-grade can be made with materials from the shop (and crystals or later a dual craft stamp). It grants the power of the old heroes (P.Def. (24+3/28+3/32+3/36+3/40+3/43+3/46+3/49+3/52+3/55+3/58+3/60+2/62+2/64+2/66+2/68+2/70+2/72+2/74+2) Ultimate Defense (1) - Instantly increases P. Wild Magic: It increases the probability of critic of magical attacks. Song of Vitality: It increases the maximum of HP. Key Skills[edit] Format: Name (max Level) - Description (Level [+Number of Advancements]) [/ ...]) Dances[edit] Dance of Fire - Temporarily increases party's critical damage. Both last 19 minutes and they are not stackable (only you can be up at a time). On itself the class is already not that bad, but their real power only appears in groups, because many dances stack with effects from normal buffers. Chant of Eagle: It increases the Accuracy (precision). Spirit Ore consumes 48. Song of Renewal: It diminishes the time of load and the cost of physical and magical MP of the Skills. (43) Dance of Inspiration - Temporarily increases party's Accuracy. (15+2/20+2/24+3/28+3/32+3/36+3/40+3/43+3/46+3/49+3/52+3/55+3/58+3/60+2/62+2/64+2/66+2/68+2/70+2/72+2/74+2) Freezing Strike (24) - Instantly freezes target area, and M. (of Fire can be combined with Chant, does not annul it). +20%). On b-grade, blue wolf heavy is the set of choice - and it looks damned good on darkelves, too, especially with dual samurai longsword. (24/32) Drain Health (53) - Absorbs HP. Orc Shaman--to>Orc Shaman--to>Warcryer--to>Doomcryer Elven Fighter-->Elven Knight--to>Swordsinger-->Sword MUSE Dark Fighter-->Palus Knight--to>Bladedancer-->Spectral Dancer Human Mystic--They>Hum Wizard-->Walock-->Arcana Lord -->To be (preferably) in an account different from your main account (thus you can buff your other Characters). (55) Dance of Fury - Temporarily increases party's Atk. +17%, Speed -25%, Casting Spd. And while you can safely keep other weapons at +3 and give them a crystal for the SA, with dual swords you have to overenchant to +4 and in doing so you risk breaking your weapon, however if you succeed they will bestow additional effects stated on the weapon. (24+3/28+3/32+2/36+2) Attack Aura (2) - Temporarily increases P. The real problem is then however to get an a-grade dual sword, because for that you have to get TWO swords (can be Keshanberk and Damascus). Chant of Evasion: It increases the evasion. It consumes 1 Spirit Ore. @waza: its a guide, and some of us dont need it, either cos we dont have/arent willing to make BD or we already know everything about BD (very unlikely ^-^), and yeah, I read a bit, just to see how was the tran saltion, and about those "extra things" vawned said, although I didnt find any xD Abyss x7: Eva Saint [Aegis] {OFF} Wrath x9: SwordMuse/Wind Rider [Ph34r] {OFF} Dex x50: Cardinal [DeathSentence] {ON} Bladedancers are warriors with (mostly) offensive group buffs (dances). SWORDSINGER: Song of Earth: It increases the P.Def. Def. Bless the Body: It increases the maximum of HP. EQUIPMENT OF THE BUFFERS Weapon: Weapons with Fast Attack Speed, preferably not Shadow Weapons, since they disappear in time, and use 3x Soulshots, and also they cannot have special ability, like acumen (+15% cast speed) or any others. Chant of Shielding: It increases the M.Def. +9%, Speed -24%, and Casting Spd. The classes are better to level them all with FullBuff of Guerrero and Duals Swords (to leverage more express). Buffs for archers are almost the same that those of melee fighters. Song of Warding: It increases the M.Def. -->To be able to Fully Buff a warrior class you need: Doomcryer to lvl78, Swordsinger to lvl66, Bladedancer to lvl74 and Warlock to lvl68. (20) Passive[edit] Dual Weapon Mastery (37) - Increases attack power when using dual weapons. (36+2/40+2/43+2/46+2/49+2/52+2/55+2/58+2/60/62/64/66/68/70/72/74) Hex (15) - Instantly decreases enemy's P. +20%, Accuracy +4%, Critical +20%. Atk. DYES FOR BUFFERS We need that the buffer has fast casting buffs, so WIT, WIT and more WIT! I recommend for the Warlock, the Swordsinger and the Bladedancer these 3: WIT+4 INT-4 WIT+1 INT-1 CON+4 STR-4 Dye of constitution is optional: it increases the capacity of weight, and thus to be able to take more stuff with you. Optional: Chant of Spirit: It increases the resistance against-of-buff and against-cancel Chant of Magnus: Increases Mana Regeneration (20% - Priceless) , Casting Speed, Magic Attack Power, Crit Rate. And the first most expensive thing is to level the 4 classes perhaps (in the one of Warlock you need some help with party). www.Lineage2Media.Com Conquer the Emerald Field Guide of Buffers (to be boxed) BUFFER FOR FIGHTER CLASSES mainly In order to begin To make a Complete Buffer Char, a Character with these requirements is necessary to be created: If you create a fighter, has to be Elf or Dark Elf. EVA'S SAINT: Clarity: The cost of MP of skills falls. +15%, WIT +1, MEN -1 Code: Tallum Robe Set: Casting Spd. Chant of Evasion: It increases the Evasion. (36/43/49/55/64/72) Heavy Armor Mastery (15) - Increases one's P. All dances are gained only once and never get stronger. Of Vampire dances: Cuado drains HP causes damage to the enemy (it does not drain damage caused by arc or skills magicians) WARLOCK: Blessing of Queen" (increases the probability of critical attack) "Gift of Queen" (it increases to the P.Atk and the Accuracy). Bladedancers need the following spellbooks: Level 40: Hex. -->To be able to Fully Buff a mage class, you need: Doomcryer to lvl79, Sword MUSE to lvl78 and Spectral Dancer to lvl78. (49) Dance of Concentration - Temporarily increases party's Casting Spd., and decreases magic cancel rate. Temporarily reduces enemy's Speed. Spirit Ores consumes 12. (5/10+2/15+2) Weapon Mastery (3) - Attack power increases.
