It's really good if you have the storage to have it. It takes up a lot of space, but it's.. kind of.. worth it. The graphics are.. meh.. I mean, comparing it to the photos that they show to you, it's terrible. But, it's pretty fun and challenging. It's basically fortnite but like: "hey change it up a bit so the teacher doesn't notice" type of game. I honestly don't like it that much because:1. Every clothing, accessories, etc. that you buy only last a few days until it's not accesible to you anymore, so you have to buy it again.2. It's like a money grab. If you want a nice skin you have to pay for it. Almost everything that they show to you. you have to pay it. It would be better if they could make it so that you could pay stuff with your own money that you earned throughout the game, but NOPE. You cAn do it, but basically nothing that they show to you. 3. I already said this but, the graphics are horrible. My eyes hurt. I mean I understand why, cause it's a mobile app, but holy jesus. 4. I don't really like the idea that you have to download every single thing you buy. Like, for example: you buy something you really like, and then you have to download the entire pack. I saved my money to buy it, and now I can't even have it cause I don't have enough space? It's annoying.
