The quantitative section measures your ability to analyze data and draw conclusions using reasoning skills. The mathematics required to understand and resolve questions in this section of the GMAT® exam is not higher than what is generally taught in secondary school classes. You will have 62 minutes to complete 31 multiple choice questions. The Quantitative section has two types of questions: Problem Solving and Data Sufficiency. G. Practical questions for the GMAT quantitative section Question 1: Sub-Type: Algebra (Problem Solving) – If r and s are whole #s > 1, r + s are whole #s < |r – s| + 2, which below cannot be possible values of (r, s)? (-1, -6), (-6, -1), (1, 6), (6, -1), (-1, 1) GMAT Sample Question 2: Sub-Type: Algebra (Data) If a and b are positive numbers, is a < b? Response Options: Declaration (1) ALONE is sufficient, but the statement (2) alone is not enough Declaration (2) ALONE is sufficient, but the statement (1) alone is not sufficient Both TOGETHER statements are sufficient, but NEITHER states ALONE is sufficient Declaration (1) and (2) TOGETHER are NOT sufficient GMAT Sample Question 3: Sub-Type: Geometry/Fix it A square photograph is set within a square frame. If the photo has a lateral length of n, and the width of the frame is p, which below represents the frame area? 2p² – n² 2(p² – n²) 2p(n + p) 4n(p + n) 4p² – n² GMAT Sample Question 4: Sub-Type: Geometry (Data Sufficiency) The L line intersects the curve graph y = x² – 6? The slope of the line L is 1 and passes through the origin. The L line passes through the point (-2, -2) and (2, 2). Response Options: Declaration (1) ALONE is sufficient, but the statement (2) alone is not enough Declaration (2) ALONE is sufficient, but the statement (1) alone is not sufficient Both TOGETHER statements are sufficient, but NEITHER states ALONE is sufficient EACH statement ALONE is sufficient Declaration (1) and (2) TOGETHER are NOT sufficient GMAT Sample Question 5: Sub-Type: Arithmetic (Problem Solving) N represents the sum of total consecutive exchanges from 301 to 400, included. Choose the correct option if/only if a/b < N < 1/3 1/6 < N < 1/4 1/8 < N < 1/6 1/12 < N < 1/10 GMAT Sample Question 6: Sub-Type: Arithmetic (Data Sufficiency) If M and N are whole such that M = N – 1, is M divisible within 12? N-1 is the square of an N+1 number is a two-digit number and the sum of its digits is a multiple of 3 response options: Declaration (1) ALONE is sufficient, but the statement (2) alone is not enough Declaration (2) ALONE is sufficient, but the statement (1) alone is not enough Both statements are sufficient, but NEITHER ALONE statement is sufficient EACH statement ALONE is sufficient Declarations (1) and (2) TOGETHER are NOT sufficient GMAT questions common in Verbal GMAT Verbal consist of 3 sections: Correction of phrase Here is what GMAC has at day about the GMAT Minutes: The Verbal Reasoning section of the GMAT® exam measures your ability to read and understand written material, reason and evaluate topics, and to correct written material to effectively express ideas in English. You will have 65 minutes to complete 36 multiple choice questions. There are three types of questions: Reading comprehension, Critical Reason and Verbal Correction. GMAT Practical Questions for GMAT Verbal Section GMAT Sample Question 7: Sub-Type: Gravity correction Shortly before his return to Earth from Mars, the robotic rover "smal" failed to reveal the existence of significant organic compounds when it was present and indicated that they existed when they were actually absent, when it was present and indicated when it was present, indicating that it was present and indicated when present, which indicated when they were present and indicated GMAT Sample Question 8: Sub-Type: Reading Comprehension RC Passage Jacob Burckhardt believes that Renaissance European women "become on a foot of perfect equality" with Renaissance men has been repeatedly cited by feminist scholars as a prelude to their presentation of richproof of inequality of women. In contrast to the view of Joan Kelly in his famous essay "Did Women Have a Renaissance?" argues that the Renaissance was a period of social change and social development for women. Recently, however, a significant number of feminist scholars has resulted in a rejection of Kelly's argument. The trend is evident, however, in the works that focus on the work of these female writers, especially in terms of social status and religion, work to complicate the views of Burckhardt and Kelly based on the observations on high-class Italian women. The trend is evident, however, in the works that focus on the work of these female writers, especially in terms of social status and religion, work to complicate the views of Burckhardt and Kelly based on the observations on high-class Italian women. The trend is evident, however, in the works that focus on the work of these female writers, especially in terms of social status and religion, work to complicate the views of Burckhardt and Kelly based on the observations on high-class Italian women. The trend is evident, however, in the works that focus on the work of these female writers, especially in terms of social status and religion, work to complicate the views of Burckhardt and Kelly based on the observations on high-class Italian women.
