Introducing Visia Jan 29, 2024 Today marks three years since we first set foot in a recycling facility. BinIt has evolved an extraordinary Read More Todays Wall Street Journal reports that recreational drug users at parties and nightclubs increasingly use fentanyl test strips before engaging in drug use. Singersongwriter Kalie Read More Fentanyl has caused more deadly overdoses in recent years than any other opioid, and it has increasingly become a main focus of the fight against Read More Download for Android (on the chromebook, only the Android app is supported for clicking). Free and ad-free. Download for Mac OS. Download Add to chrome (It is suggested to utilize client software as only specific web pages are supported). A full-fledged autoclicker with two modes of autoclicking, at your dynamic cursor location or at a prespecified location. The maximum amounts of clicked can also be set (or left as infinite). Hotkeys work in the background for convenience. If you want to automate group of mouse actions, Please try this Whats new in v1.0.0.2: 1. You can now change your hotkeys! 2. Changed the about page 3. Added a few minor options v1.0.0.1 : 1. Your settings are now saved from your last session so you only need to enter them once. (Includes last fixed location) 2. Added double clicking and triple clicking 3. Added Right clicking and middle clicking 1 of 2 2 of 2 SKU:AC-5333-17 Quantity Autoclear 5333 X-Ray Inspection System is a single-source, dual-energy x-ray scanner designed to screen small to mid-sized items for weapons, explosives, drugs and other contraband; the 5333 is fast, rugged and easy to operate. Ideal for screening hand carried items such as purses, briefcases, backpacks, strollers, small parcels and more, the compact 5333 security inspection system is a great choice for small or limited spaces. The systems low profile, bottom-up generator design makes fine lines appear much sharper and larger on-screen. The 5333 is available with either a 100 kV or 160 kV generator.Designed to screen small to mid-sized items for weapons, explosives, drugs and other contraband, the single-source, dual-energy 5333 X-ray scanner is fast, rugged and easy to operate. Ideal for screening hand carried items such as purses, briefcases, backpacks, strollers, small parcels and more, the compact 5333DVS is a great choice for small or limited spaces. The systems low profile, bottom-up generator design makes fine lines appear much sharper and larger on-screen.The 5333DVS is available with either a 100 kV or 160 kV generator. Product photos show optional tunnel extensionsFeaturesRapidly images full mailbags and long or tall itemsFits in elevators, narrow halls and tight spacesPatented guided conveyor belt never needs adjustingBuilt on the industrys most stable and flexible operating systemAPERTURE SIZE53.0 x 33.0 cm 20.9 x 13.0 in.OVERALL DIMENSIONS125.4 x 72.1 x 111.4 cm 49.4 x 28.4 x 43.6 in.WEIGHT236 KG 520 LBSArtificial Intelligence- AI-Threat Asist intelligence generated by algorithmic analysis of threat detection utilizing machine learning. Autoclears AI-Threat Asist significantly increases the accuracy of identification and detection of threats in scanned parcels. A profoundly more secure and effective method of detecting knives, guns, bombs etc. The difference between an AI X-ray scanner and a non-AI scanner is inescapable. No longer, are just the eyes of the scanner operator determinant if a threat has been detected. Truly, Autoclear provides new game changing technology to ensure scientifically accurate threat detection. Please see screen shot below. Automatically a bright box or other structure is placed around the threat and may be accompanied by an audio/text alert. The AI-Threat Asist feature helps ensure that stressed operators in a demanding environment have a new and powerful technological advantage with Autoclear AI-Threat Assist. A second set of eyes and more powerful are there to increase safety!***Please note that these machines are built-to-order items. For lead time and price on any of our x-ray scanners or parcel scanners, please submit a request for quote using the RFQ button above.
