The Legend of Zelda: Breath of the Wild is the official title of the Action-Aventura video game of the Legend of Zelda series, developed by Nintendo EPD (Nintendo Division created by the Nintendo EAD Union, Nintendo Software Planning & Development). In collaboration with Soft Monolith for Wii U and Nintendo Switch.? It is the eighth delivery of the series and the third to use high definition graphics (the first was The Legend of Zelda: The Wind Waker HD and the second is The Legend of Zelda: Twilight Princess HD). It was launched on 3 March 2017 for Wii U (being the last exit game for that console) and Nintendo Switch. The game introduces an open world where users will be able to find paths or ways to reach a target or object on the different map. From the first public presentation, Breath of the Wild has been welcomed by critics. After his release, he received great success between the criticism and fanatical franchise. The winner of three awards at Game Awards 2017 was discovered, including the game of the year. The great freedom playable and the enormous interactivity offered by this title has taken him to be cataloged as the most complete game of the series, and one of the best video games of all time. The legend of ZELD BREATH OF THE WILD Wii U ISO Information: game name: The Legend of Zeld Respiro del Wildregiá"n: PAL (EUR) Console: Wii UFE launch: 2017GÄf © black: Adventure / accioeditorial: Nintendoidiomas: multi languages ( ESPAÄf Ä ± OL) Image format: ISOID Game: 00050000-101C9500 Catch: Our robot has collected information about The Legend of Zeld Wii U ISO The content is entirely of ownership of the creators, we are not responsible for L 'I use you are from this content. Content available You can find the game Ä, the Zeld legend Respiro of the Wii Wii U ISO u at =.htm to play The Legend of Zeld Breath of the Wild Wii U ISO We find the emulator: CEMU on our Wilda Rough page takes place in the end of Thea ZeldÄ ¢ Timeline in the Kingdom of OFA Hyrule.ä, because the Evila Calamity Ganona Threat Hyrule, Princess Zelda is defined by Dea Hyllia, with the help of his Knight, link. Hyrule matured in an advanced civilization, protected by four divine beastsÄ ¢ ä,~ "huge animalistic machinesÄ ¢ ä,~" and a guardian army, autonomous weapons. On GanonÄ ¢ ä,~ ä "¢ s back, four large warriors gave the title of sample and pilot of a divine beasts of weakening it, protected by Zelda, links, and guardians. Link Struck Ganon down Thea sword teacher, allowing Zelda to Seal Ganon far away. Introduction: The history follows links, which awakens from a century Slumber to a voice that guides mysterious he defeated calamity ganonÄ ¢ before he can destroy the real kingdom. Hyrule. The game takes place in Ana Open World. Players receive instruction booklet and explore Frely: common activities include multi-purpose collection items to rescue in various goals or solve puzzles and secondary missions get rewards.Ä ¢ Wilda breath ä,~ ~ S World is structured, Designed to reward experimentation and alaws history to be completed in non-linear fashion. Game Type: The Legend of Zelda: Wildwa Respiro Is Ana Action-Adventure Game Thea Action-Adventure, Videogochi GenreÄ ¢ includes video games that combine core elements from Thea ActionÄ ¢ and adventure genres. With the decline of game adventure gender from mainstream popularity, the use of the term (and the hybrid term Ä ¢ ä,~ ä "action-adventure ¢ ä,~) know more liberal. It is not rare for players to apply the term Ä ¢ ¢ Ä ¢ ä,~ Ä ¢ "Adventure Ä" ActionÄ ¢ ä,~ game: Breath from Wilda is an action-adventure game set in the open Ana WorldÄ ¢ Environment where players are tasken Explore the kingdom of Hyrule Ofa while controlling, link. In terms of structure, a burst of Wilda encourages non-linear game, which is illustrated by the Gamea s lack of inputs or outputs defined for areas, a poor education given to the player, and the promotion of exploring Freely.ä, Respiro della Wilda Introduces a coherent physical engine for Bravia ZeldaÄ series, players leaving the problems in different ways, rather than trying to find a single solution.ä, the game also integrates a motora a chemistry that defines the physical properties of most objects And adjusts the way they interact with the player and an another.ä, for example, players can take advantage of the gamea s dynamic time by throwing metal objects to enemies during thunderstorms to attract lightning strike.ä, these design approaches resulted in one General Non-structured and interactive world that rewards experimentation and allows for non-linear completion of history. As a link, players can perform actions such as race, climbing, swimming and sailing with a paraglider, even if LINK is limited by its stamina,ä, Link can provide objects from the environment, including weapons, Food and other resources. Unlike Previous, ZeldÄÄ, games, weapons and shields will ruin with the file. A lot of elements have multiple uses; For example, wooden weapons and armor can be set to light fires or collect incoming enemy arrows, and screens can be used as improvised snowboarders,ä, they can get hunting animal food, collecting wild fruits, or collect parts of deceased enemies. Ä, by combinations of food or cooking material, the player can create meals and elixir able to reconstitute health and resistance linka s, or provide temporary status bonuses as a greater force or if resistance. For Linka S Arsenale is the ä, Sheikah SlateÄ ¢, which can be used to mark the waypoints on a map. During the game, link can collect the power to add to the slate, including distance bombs, the ability to manipulate metal objects, blocks in the form of ice on aqueous surfaces, and the objects that temporarily stop in file.a in combat Players can hook targets for more precise attacks, while some key combinations allow advanced moves, offensive and defensive players even can defeat enemies without weapons, such as rolling boulders out of cliffs in enemy fields. Furthermore, the exploration, players may suffer missions or challenges to obtain certain benefits. Activation of towers and sanctuaries Add waypoints that the player could interrupt at any time. Activation of towers also adds territories to the map, although position names are not added until the player does not explore the area. Scattered throughout Hyrule are sanctuaries that contain the challenges ranging from puzzles to battles against robotic opponents. Compensation sanctuaries earns the spirit orbs, which can be exchanged for additional health or resistance points. Scattered through Hyrule are small puzzles that reveal Korok seeds, which can be negotiated to expand the size of the inventory for weapons, shields and arches. The cities serve as a hotspot for missions, sidequest and shops that sell materials and clothing. Hikers and other travelers offer sidequests, suggestions or conversations. Furthermore, players can scan figures against their console to convene objects or call the Games Horse connection and Wolf link by Twilight Princess. Features: The main exciting features of the Zelda legend: the wild breath can be lived throughout the game after your first game. A lot of missions and lateral stories. A lot of new changes and new items. THE Municipalities include multipurpose articles collection to help in various goals or solve puzzles and side missions to get prizes. High resolution graphics. Bredes of the plot. Players can take advantage of the dynamic time of the game by launching metal objects to enemies during thunderstorms to attract lightning. It is also possible to defeat the enemies without using your weapon by dropping to fall Or other things about enemies. This slideshow requires JavaScript.
