## Android layout background image opacity

I want to have an image(such as a phone frame) fixed in its position while I swipe through contents in fragments on ViewPager. An example is "What's New" or "Features" screen like gif animation below. Or maybe something fancier with your creativity. Approach It's simpler than it looks. On top of a regular implementation of fragments ViewPager in an Activity, Make your Fragment layout background transparent Wrap ViewPager and ImageView in FrameLayout within your Activity layout so that you can center the image underneath ViewPager Code Sample The important parts are in these 2 layout files. activity\_main.xml 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24
