Biogeochemical Cycles Worksheet

Nitrogen Cycle

Draw arrows that illustrate the cycle in the box below.

atmosphere: N_2	atmosphere: NO_2	plants	decomposing organisms
nitrogen fixing	respiration	water	plants
			animals

1. Gas atmosphere N_2 $\rightarrow$ nitrogen gas
2. Nitrogen gas is taken up by plants and animals $\rightarrow$ plants and animals
3. Plants and animals use nitrogen to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
4. Plants and animals use the nitrogen to grow $\rightarrow$ plants
5. Animals use nitrogen to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
6. Plants and animals use the nitrogen to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
7. Plants and animals use the nitrogen to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
8. Plants and animals use the nitrogen to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals

Carbon Cycle

Draw arrows that illustrate the cycle in the box below.

air	soil	atmosphere	plants	animals
photosynthesis	respiration	decomposition	plants	animals
			plants	animals

1. Plants use carbon from the air to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
2. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
3. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
4. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
5. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
6. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
7. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
8. Plants and animals use the carbon to grow and live. It is another important nutrient. These animals and plants $\rightarrow$ animals
