Wikipedia list article
This is a list of films with settings beyond the date they were released or made, even if that setting is now in the past, and films with a futuristic setting despite of unspecified (unspec.) date. It also includes films that are only partially set in the future. Films
This is a dynamic list and may never be able to satisfy particular standards for completeness. You can help by adding missing items with reliable sources.

Notes
^ The film uses the real-world Anno Domini or Common Era calendar instead of "A.G.", even though the numbers used are the same.
^ Despite the film's title, it is actually set in 2019, when multinational corporations have banned any sort of sexual activity. The protagonists try to find a method of travelling back in time to prevent this law from being passed.[4]
