**INTRODUCING THE
ULTIMATE VCR: THE END OF
AN INCREDIBLE JOURNEY.**

Video cassette recorders have come quite a distance, finally culminating in this marvel—the Ultimate VCR. Why ultimate? Because it's the first and only 7-head machine that's remote-programmable, convertible, and features VHS Hi-Fi.

REMOTE PROGRAMMABILITY.
The Ultimate VCR actually asks what you want to record and when—in simple language—right on the screen of your TV. You respond by pushing the appropriate button on the wireless remote hand unit.

CONVERTIBILITY.
The Ultimate VCR is instantly portable, with a unique, cable-free docking system that operates as simply as "push" or "pull." At home, it's a fully featured table model. And, you can take your show on the road for great home movies by simply adding an RCA Video Camera.

VHS HI-FI SOUND.
The Ultimate VCR's stereo system surpasses even the most sophisticated audiophile recording decks. Pure sound—from subtle nuances all the way to explosive waves of excitement you never dreamed possible in a VCR.

If you've been waiting for the Ultimate VCR, wait no longer. Now's the time to beat a path to your RCA dealer's door. And, while you're there, ask to see RCA's full line of high-quality video tape. For more information and a free copy of our "Living With Video" book (a \$2.50 retail value), write: RCA Consumer Electronics, Dept. 32-312EE, P.O. Box 7036, Indianapolis, IN 46207-7036.

TECHNOLOGY THAT EXCITES THE SENSES.

Model VSP 950

VCR

This makes it one of the most downloaded software in the same category.
