He gets to relive a significant day of his life in order to avert future setbacks. Can this disorder alter his life for better? Review: Bearing the brunt of his 'going to sleep and waking up in a new time period' routine, is his 'abs'olutely stunning wife Dia Kapoor (Katrina Kaif), who's the 'driver' in their relationship. She's too clingy, he's too disinterested and busy with his calculations to notice her unconditional love for him. The film unravels what lies ahead for these childhood sweethearts. movie What would you fix if you could travel back in time? The thought is interesting and the message, beautiful - life isn't a series of calculated events so seize the moment. True happiness lies in the smallest of things. However, the film's reasoning is flawed. Unlike movies like 'About Time', which have explored the fantasy time travelling theme with much heart, this one uses it as a punishment to 'conform' the man, who is devoted to his ambitions. You don't see anything wrong with his choices to begin with so his change of heart doesn't tug at your heartstrings either. In true Dharma style, the film is visually and musically enchanting and is about loving your family. Good looking actors hum soulful songs at gorgeous locales. Both Sidharth and Katrina are easy on the eye and Sidharth pulls off his complex role with ease. Katrina, however, hasn't gone beyond what's expected of her as an actor. There are timeless love stories and then stories involving time travel. BBD belongs to the latter. Pleasant and fairly engaging but a tad tedious (like mathematics) to evoke a Baar Baar viewing. The foot-tapping kala chashma song in the end infuses that much required energy and zest into the film. Page 2STORY: When a young musician embarks on a journey to make the song that can reunite him with the love of his life and also change the world, things don't go quite as planned. As he hits rock-bottom, will music come to the rescue?REVIEW: Jai (Ehan Bhat) has only two priorities in life – his music and his girlfriend Sophie (Edlisy Vargas). While he hasn't hit big on the music scene yet, his rich girlfriend's father Sanjay Singhania (Ranjit Barot) challenges him to compose a 100 songs before he can think of marrying Sophie. And thus begins Jai's arduous journey that takes him to the beautiful and picturesque rolling hills of Shillong, where he has his task cut out.AR Rahman's musical attempt is crafted with love and passion for his art and that is the one thing that is constant throughout. This is definitely a plus, but the film's overall soundtrack is high on quantity and much lower on the quality that one would expect from a musical genius like Rahman. That said, there is more to 99 songs than just its music and some of it sure works, in parts.For starters, Debutant Vishwesh Krishnamoorthy navigates sensitively through the subject, telling us a story that keeps its focus on music. The execution and cinematography (Tanay Satam and James Cowley) is decidedly dark and sometimes feels overbearing, but many portions stand out for their vivid and imaginative visual treatment. The treatment is what gives this film, a deeply emotional touch that sadly isn't so strong in the writing itself. The writing could have been more convincing.Ehan Bhat looks every bit the brooding musician, deeply in love and his portrayal is honest. The role gives him enough space to showcase his emotional scale and for his first film, Bhat has done a decent job. Debutante Edlisy Vargas had a more difficult role to only emote without being able to talk. She looks glamorous and intense as Sophie, but her transformation isn't very convincing. Also, we wish the two young actors had more scenes between them to show off their chemistry, which is crucial for a love story like this one. Manisha Koirala and Lisa Ray are very well-cast in their respective roles. Tenzing Dalha as Jai's best friend tries too hard to be cool and casual, but a more seasoned character actor here would have done wonders.Overall, '99 Songs' has all the elements of an emotional love story with music at its core. With better songs and more conviction in its execution, this one had all the potential to become a chart-topper. After all, as Manisha Koirala's character says, "Music is the last surviving magic in the world."Page 3 Baar Baar Dekho Full Movie Download Free HD . 'Baar Baar Dekho' is a romantic tale, which unfurls through blaze backs and glimmer advances. As of late performer Sidharth Malhotra has uncovered that, the film has an extraordinary and has an exceptionally abnormal storyline. The film is neither sci-fi nor does it rotate around time travel. The styling is as of now in progress. Film has begun in 2015 September for which Katrina and Sidharth had shot in London.'Baar Baar Dekho' starts with certifiable guarantee. Baar Baar Dekho Full Movie Download Free HD Baar Baar Dekho Full Movie Download Free HD The opening credits, which demonstrate to us how the man and lady met, ideal from children to now, is wonderfully done. What's more, the pace is sufficiently kept up for at some point, however post-interim, the pace drops. What begins off as a fascinating time-travel romantic tale, abruptly transforms into an exaggerated story, with lesser feeling. What's more, when we achieve its finish, we're drained. The Protagonist isn't too splendid in the first place, in spite of being a maths teacher.
