You don't have items on your cart. Our kitchen, your bathroom, your bedroom or study. Discover six stunning colors or find how to mix it. Here, at Dulux, we create a simple five-step process to help you create a paint that doesn't just look like you, but also has a bright performance. Careable through Dulux or Mixlabs Dulux ink mixing in selected stores across the país. You can choose your color, work or finish and then mix it so that you are suitable for the room you are decorating. Learn more about each of the four steps below. Using our track cards, you can select warm, cold and neutral colors to help you choose the perfect shade. There are a wide variety of dispinable finishes, which offer different brightness to provide the aparenia you want. Note that some functions are disposed of only in selected finishes. After selecting your color, function and finish, you can simply buy on -line through Dulux.co.uk or go to your local stock and talk to a team member in the store. selected stores throughout the UK. Alternatively, click here to explore our online ink mix line. Which measurement system you perfer? Small how many doors and windows? Extra (select everything that applies) what great is your wood stain design? Approximate small square footage inserts the approximate size of your project below the size of your floor coverings project? Small Approximate Square Square Film Enter the approximate size of your project below the photo: depositphotos.com if you are wishing a new look for a room, changing the color of the wall is a high impact and low cost option (Especially if you spread your painting jumps and dye). However, choosing the perfect shadow can be a scary process. You can not get to paint and go out with your pockets stuffed with color samples, now there is a paint -colored application for it! Many apps, in to make finding the right shade and even ordering paint online easier.Whether you want to try out a shade or look for the perfect color combination, a paint color app can offer the test run you need before committing. Here are 10 to try.Photo: play.google.com1. Procrastipainted by GliddenÂ AFormat: Mobile App for iOS and AndroidGliddeneÂAs paint color app opens with a eÂAdesigner tipeÂÂ before taking you to its main features, which include options to browse colors, find inspiration, color match, or take an interactive quiz. The color quiz helps you to select a palette with the option of having free paint swatches sent to your home to test in your space and lighting. As an added bonus, the app offers palettes inspired by different design styles ranging from mid-century modern to bohemian to glam.Tip: If you are looking for a desktop version, try GliddeneÂAs Room Visualizer paint color app.Photo: play.google.com2. ColorSmart by BehrFormat: Mobile App for iOS and AndroidBehreÂAs ColorSmart app boasts eÂAdesigner-coordinated color combinationseÂÂ that you can preview in room scenes and on exteriors. To help you find the perfect shade, it allows you to color match from an uploaded photo. Or, if you have a color in mind to trial, simply scan the barcode on the back of a Behr paint swatch or brochure. Want to get a friendeÂAs opinion? Save and share color projects on your social networks. Once youeÂÂve made a decision, the paint color app will help you locate The Home Depot store closest to you to make your purchase.Photo: play.google.com3. Paint My PlaceFormat: Mobile App for Android (iOS version coming soon)Easily upload photos of your project to get started on the Paint My Place paint color app. Not affiliated with any one brand, this app allows you to try out paint, roof, and fence colors from a variety of different brands. If youeÂÂAre looking for endless color options, the paid version offers more than 50,000 paint of 32 brands, including some of our favorites such as Benjamin Moore, Valspar, PPG and Sherwin Williams. Save, email, and share your color options with friends, your interior designer or a local painter or paint retailer. photo: play.google.com4. Home DepotFormat Color Project: Mobile App for iOS and Androidone of the best rated offers, Home Depot's easy-to-use home painting app allows you to test colors for your indoor or outdoor design. Scroll through the popular colors and get suggestions for tones based on the mood you want to set in the room. A color matching option allows you to match the colors of the ink with the items around you by sending a photo of the camera roll. You can save favorites or share them with friends. Easily order your options by buying through the app or finding a store location nearby. photo: play.google.com5. Benjamin MooreFormat Color Portfolio: mobile app for iOS and Androidto start with this ink color application, upload a picture of the room or outdoor that you would like to paint or try the video viewer, which uses your camera to show color options in real-time. A virtual fan deck allows you to scroll through the Benjamin Moore color collection. If you want to get into your designer shoes, the company offers your color matching devices specialized in Colorreader (\$99) or Colorreader Pro (\$249) by Datacolor, which can be purchased separately and synchronized with the app. Users can place the Colorader device on any flat surface to make a color measurement and the app will display the three closest color matchings. For Diyer or Professional Looking for speed and accuracy, these are great options.photo: play.google.com6.
