Correct answer: correct answer: correct answer: correct answer: correct answer: answer answer: jhm carelelink is a web-based application to link organizations associated with jhm to community practices. Thanks to JHM CARELELINK, community users can securely access selected information about patients in the JHM EMR data repository and improve the continuity of assistance. This continuity offers many advantages to our patients, including the following: provides a more transparent flow of information between doctors. It makes it easier for external doctors to make referrals and orders to JHM. Connect JHM doctors with specialists using electronic visits, providing assistance to a broader group of patients. Let JHM electronically transmit information releases to community clinics. It allows the community clinics to consult the patient's clinical folder for the encryption and follow-up of the requests. Allows coordination of social services outside JHM. JHM CARELELINK is not an EMR solution, but a read-only application with some service-oriented functions, such as the entry of procedure orders and co-signing of home health orders. JHM CARELELINK provides reference doctors the access to your patients' clinical folders for 90 days after a medical consultation, laboratory tests or imaging tests, outpatient or shelters at the Johns Hopkins Hospital, Johns Hopkins Bayview Medical Center, Howard County General Hospital, Sibley Memorial Hospital, Johns Hopkins All Children's and Medici Johns Hopkins. It is also possible to order specialist advice to be programmed by the patient.
