Provides guidance on how to implement action plans to eliminate or reduce the risks of potential failures. DESCRIPTION OF DOCUMENTATION Failure analysis (FMEA) is a step-by-step approach to identify all possible faults in a design, production or assembly process, or a product or service. The purpose of the FMEA is to take action to eliminate or reduce failures, starting with those of top priority. FMEA also documents current knowledge and actions on the risks of failures, for use in continuous improvement. (For automotive users, please note that the FMEA process described in this presentation is not based on the AIAG-VDA FMEA methodology.) In this training presentation, you can teach your employees about the appropriate steps to build an FMEA for a project or process, and then implement action plans to eliminate or reduce the risks of potential failures. NOTE: This presentation includes an FMEA module (in Excel format) as a complementary document. OBJECTIVES NOTE 1. Understand what is an FMEA, because it is used, and when it can be distributed 2. Understanding definitions.system and calculations used in an FMEA 3. Learn steps to develop an FMEA and pitfalls to avoid CONTENTS 1. It is a great complement to work with expensive consultants. The quality and effectiveness of the tools are the highest standards." – Moritz Bernhoerster, Global Sourcing Director of Fortune 500 "FlevyPro was a brilliant resource for me, as an independent growth consultant, to access a large presentation bank to support my work with customers. In terms of Rol, the value I received from the first presentation I downloaded paid for my subscription many times! The quality of the available decks allows me to punch over my weight – it's like having the resources of a great 4 consulting at hand at a microscopic fraction of the head." – Roderick Cameron, Partner Founder at SGFE Ltd "My FlevyPro subscription offers me the most popular paintings and decks required in today's market. Not only do my existing consulting and coaching offers increase and delivery, but they also keep me at the pace of the latest trends, inspire new products and service offers for my practice, and educate me in a fraction of the time and money of other solutions. I highly recommend FlevyPro to any serious consultant about success." – Bill Branson, founder of Strategic Business Architects "As a young consulting company, customer input requests vary and it is sometimes impossible to providesolutions through a wide range of requirements. This was before you discovered Flevy.com Through the subscription to this priceless site of a plethora of topics that are fundamental and crucial to consult, I was able to exceed expectations and provide quality advice and solutions to my customers. The quality and experience of the authors are exemplary and gives me great confidence to use as part of my service offerings. I highly recommend this company for any consultant who wants to apply the best international standards of practice in their service offerings. " – Nishi Singh, Strategist and MD at NSP consultants "If you are looking for great resources to save time with your business presentations, Flevy is really an added value resource. Flevy did all the work for you and we will continue to use Flevy as a source to extract updated information and data for our virtual and on-site presentations!" – Debbi Saffo, Chairman of the NiKhar Group "I found Flevy as an incredible resource and a library of presentations useful for the lean sigma, the management of changes and many other topics. This reduced the time I need to spend to prepare for my performance advice. The library is easily accessible and updates are regularly provided. A wealth of great information." – Cynthia Howard RN, PhD, Executive Coach at Ei Leadership "As a consultant that requires up to now and professional material that will be of value and use to my customers, I find Flevy a very reliable resource. Theand quality of the material available through flevy offers a very useful and command source for information. I use flevy saves me time, improves my experience and ends up being a good decision." – dennis gershowitz, head of the dg associates "like a strategic consulting firm of niche, cadres and flevy and flevypro documents are an ongoing reference to help us structure our results and recommendations to our customers, as well as improve their clarity, strength and visual power. for us, it is a valuable resource to increase our impact and our value." – david coloma, cynertia consulting advisory area manager "the wide selection of paintings is very useful as an independent consultant. In fact, it rivals what I had at my disposal at large consulting firms in terms of effectiveness and organization." – julia t., consulting firm owner (ex manager of deloitte and capgemini) "as consulting company, we had created materials for subject matter training for our people and found excellent materials on flevy, which saved us 100 hours of recreation what already exists on the flevy materials we purchased." – michael evans, managing director of newport llc select customers since 2012, we have provided the best practices to over 5,000 companies and organizations worldwide. below is only a very small sample of our customer base. base. fmea pump failure filetype xls. fmea and fishbone diagram filetype pdf. fmea filetype xls. fmea filetype pdf
