We create safer, healthier, more comfortable, and sustainable air travel with one of the industry’s broadest and most innovative offering portfolios spanning airport takeoff to landing. [LEARN ABOUT AEROSPACE →](#) Commercial building owners and operators use our hardware, software and analytics to help create safer, more efficient and productive facilities. Our solutions and services improve the occupant experience and are used in more than 10 million buildings worldwide. [LEARN ABOUT COMMERCIAL BUILDINGS →](#) With our experience in top-tier data centers, Honeywell helps operators meet challenges in accelerating the build of a standardized global fleet. Our proven solutions help optimize facility uptime, improve efficiency, reduce carbon footprint and help protect workers, data and assets. [LEARN ABOUT DATA CENTERS →](#) We develop innovative solutions that can help healthcare organizations simplify day-to-day tasks, optimize processes and keep buildings and clinicians safe. Our sensing technologies enhance the accuracy, longevity and stability of today’s medical equipment and our packaging and propellant technologies improve medication delivery. Together, we can help you deliver better patient outcomes, increase efficiency and productivity and minimize infection risks for clinicians and patients. [LEARN ABOUT HEALTHCARE →](#) Honeywell solutions help life sciences organizations boost quality and operational excellence, enable compliance and accelerate the path to life-changing discoveries. [LEARN ABOUT LIFE SCIENCES →](#) With our automation solutions focused on increased transparency and greater process controls, our customers in aerospace, oil and gas, healthcare and other industries feel more empowered to get to market faster, improve cost savings and enjoy more reliable quality control. Discover the actionable digital insights that are helping manufacturers uncover and adjust to hidden costs and inefficiencies in their processes. [LEARN ABOUT MANUFACTURING →](#) We simplify the complex for your industrial plants. Our technology and software solutions can help you reach operational and energy efficiency goals, reduce operating costs and provide better insight into your carbon impact. [LEARN ABOUT OIL & GAS →](#) With decades of experience and deep domain expertise, Honeywell supports retail customers in making their operations more efficient, productive and agile. We provide a comprehensive suite of productivity tools, software and hardware solutions for retail. [LEARN ABOUT RETAIL →](#) The new energy world is upon us, and rapidly accelerating. Our utility solutions and technologies help reduce CO2 emissions, increase the energy grid’s lifetime and foster energy equity. We’re helping create resilient and sustainable operations for today, tomorrow, and beyond. [LEARN ABOUT UTILITIES →](#) Our technologies and services enable and streamline Distribution Center operations ranging from receiving and storage to picking, packing and shipping. The broad range of worker productivity tools help solve challenges from the warehouse through last-mile delivery. [LEARN ABOUT WAREHOUSE & LOGISTICS →](#) Honeywell is a Fortune 500 company that invents and manufactures technologies to address tough challenges linked to global macrotrends such as safety, security, and energy. With approximately 110,000 employees worldwide, including more than 19,000 engineers and scientists, we have an unrelenting focus on quality, delivery, value, and technology in everything we make and do.
